

# Welcome to our STORY WALK

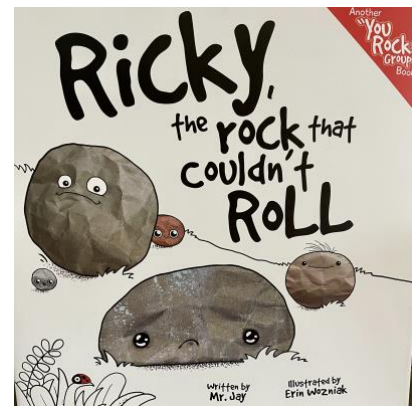

A Story Walk is a way for families to share reading a book while walking outside in nature. Start at the beginning of the book and follow the trail. Have fun with the story!

Our featured book is Ricky, The Rock That Couldn't Roll by Mr. Jay.

As you walk, be on the lookout for Ricky's painted rock friends. You may choose your favorite to take home or choose an unpainted rock from the bucket at the end of the trail to take home and decorate.

You might even spot flowers, bugs, birds or butterflies along the way. Take a photo at the Butterfly Bench!

Come back soon.

Brought to you by the Friends of the Fredericksburg Nature Center
