

COME JOIN THE FRIENDS OF THE FREDERICKSBURG NATURE CENTER FOR A HOLIDAY STORY WALK! A Story Walk is a way for families to share reading a book while walking outside and enjoying nature. Start at the beginning of the book and follow the numbered story boards along the HAT trail at Lady Bird Johnson Municipal Park. Our featured book is "Stick Man" by Julia Donaldson and Illustrator Axel Sheffer. It's a wonderful Christmas story that your whole family will enjoy. The Story Walk begins on Tuesday, November 26th and will last through December 31st, so bring the family out for a walk in nature and enjoy reading this wonderful Christmas story. Look carefully for hidden surprises along the way.
